

CHC50121 Diploma of Early Childhood Education and Care

ASQA Approved: Yes

Recognised Australia wide: Yes

Course Description

The *Diploma of Early Childhood Education and Care* is the qualification that ACECQA requires for those wanting to take on higher levels of responsibility and leadership in an early childhood service. It is the qualification for those wishing to lead an education and care program for children before they enter formal schooling. Rise Education and Training has contextualised this qualification to provide students theoretical knowledge and practical skills to work with children (from birth to school age) in a range of early childhood settings, which fall under the Education and Care National Regulations and the National Quality Standards. Upon the completion of this course students will have the knowledge and skills to support the implementation of the early years learning framework, while supporting children's wellbeing, learning and development.

Duration

The time frame to deliver this course is 18 months to 24 months (depending on prior skills and knowledge)

Delivery Location/Mode

Delivery location: Classroom/Blended

Unit 7&8/727 Stanley Street Woolloongabba QLD 4102 Australia

- CHCECE042 Foster holistic early childhood learning, development and wellbeing
- CHCECE043 Nurture creativity in children
- CHCECE048 Plan and implement children's education and care curriculum

WORK PLACEMENT

As a part of Rise Education & Training, students are required to undertake work placement. This is the opportunity to develop and demonstrate the application of skills and knowledge in a workplace context. Written assessments allow you to demonstrate your knowledge, and a work placement allows you to demonstrate actual skills in a real-life workplace.

You will become exposed to real work conditions and expectations and develop generic employability skills as well as job-specific skills and knowledge.

Work placement also provides insight into particular job roles and responsibilities within an industry context. Students will be required to undergo a Working with Children clearance, if not already held. Rise Education and Training will confirm with the student an appropriate placement host and assess their ability to provide, or arrange to provide, the facilities, range of work, supervision, and training required for the placement. Rise Education and Training does not organise Work Placement, this is the responsibility of the student, but can help guide you in this area.

Rise Education and Training Administration maintains a list of suitable placement venues to support student unable to secure a vocational placement. Rise Education and Training will support and make all attempts to secure a place for the student.

Required Work Placement hours:

CHC50121- Diploma of Early Childhood Education and Care 280 hrs (minimum) (At least 140 hours of which are recommended to be completed working with Babies & Toddlers)

The required work placement hours can be completed over a period agreed with your service, e.g. 3 days a week or in large blocks such as during School Holidays. The Work Placement hours will need to be confirmed with your trainer to meet requirements.
